

Support for LGBTQ Legacy Giving

In addition to our advisory council, another 70 current and former & emeritus leaders of LGBTQ non-profit organizations and movement leaders support the nationwide effort to secure the long-term financial sustainability of LGBTQ+ organizations across the United States through legacy giving. This work is essential to the wellbeing of all LGBTQ+ people – and especially those most marginalized in our communities – queer people of color and immigrants, transgender and gender non-binary people, and LGBTQ+ youth and elders.
